

Preamble

At the moment, Corona virus (Covid-19) is throwing new challenges to scientific community. This global pandemic has brought Nations together to find a solution. New solutions are coming up continuously to combat the current challenges. In this situation BIT, Durg stands strong with the institute Motto “Aspire to Excel”.

The streamed conference is the need of present situation with the cardinal point of importance of the conference aiming at exploring New Horizons in Science, Technology and Management to Combat Current Challenges through innovative research. Innovation refers to the full range of changes, large and small, used to achieve desired outcomes and innovation often results from basic research that can lead to ground-breaking discoveries and inventions. This will be essential in combating the ongoing challenges which cause hindrances to National Growth.

The proposed online conference will make an honest attempt to meet up the expectations and may become a viable option to take a way forward towards “ATMA NIRBHAR BHARAT”.

The Institute

Bhilai Institute of Technology initiated by notable stalwarts of central India in 1986 with a vision to become one of the Premier Technical and Management Educational Institutions in the Country, delivering excellent professional education, creating value based, globally competitive professionals and achieving excellence in all our endeavors.

BIT campus has a conducive and supportive academic ambience facilitating high quality education and research for more than 4000 students of bachelors, masters and doctoral programs. BIT, Durg is the first technical institute in the state to be conferred Autonomous Status by UGC, Government of India. Seven of its undergraduate programs have been accredited by NBA and the institute itself has been “A” grade accreditation by NAAC. The institute stands in NIRF 2020 Rank-band: 251-300 in the category of Engineering. Under AICTE Margdarshan Scheme, the institute is mentoring ten technical institutions to encourage best practices.

The Department

The Electrical and Electronics Engineering Department came into existence in the year 2007; Electrical & Electronics Engineering is one of the NBA accredited departments of the Institute. Adequately qualified, dedicated faculty and the skilled supporting staff are the strength of the department. The curriculum is a blend of two courses which are crucial to many day-to-day engineering applications. The department also runs M. Tech Programme in Electrical Power and Energy System. Electrical & Electronics Engineering Department has been actively involved in research and paper publications in reputed journals in all the fields of Electrical as well as Electronics Engineering. The department has well equipped labs and library to cater to the needs of the curriculum.

Conference Objective

The conference on Electrical and Electronics Engineering aims to bring together leading academic stalwarts and research scholars to interact and share their findings and research results about all aspects of Electrical and Electronics Engineering. It also provides the paramount interdisciplinary and multidisciplinary forum for researchers, students and educators to present and discuss the most recent innovations, trends, and concerns, practical and concurrent challenges encountered and the solutions adopted in the field of Electrical and Electronics Engineering.

Themes and Sub Themes

The theme of the conference hosted by Department of Electrical and Electronics Engineering would be “New Horizons in Electrical and Electronics Engineering to Combat Current Challenges” in tune with the main theme but not limited to:

- ❖ Advanced Control Systems
- ❖ Electric vehicles, drives and applications
- ❖ Power market and power system economics
- ❖ Power system modeling of Smart Grid
- ❖ Simulation and analysis HVDC and FACTS
- ❖ Wind, solar and renewable energy
- ❖ Soft-computing techniques and applications
- ❖ Industrial Process Control and automation
- ❖ Communication systems
- ❖ Microcontrollers and Embedded systems
- ❖ High voltage engineering
- ❖ Bio-Medical Circuits and Systems Signal Processing.
- ❖ Simulation and computational techniques in Engineering Research
- ❖ IOT
- ❖ PLC and instrumentation
