

Preamble

At the moment, Corona virus (Covid-19) is throwing new challenges to scientific community. This global pandemic has brought Nations together to find a solution. New solutions are coming up continuously to combat the current challenges. In this situation BIT, Durg stands strong with the institute Motto “Aspire to Excel”.

The streamed conference is the need of present situation with the cardinal point of importance of the conference aiming at exploring New Horizons in Science, Technology and Management to Combat Current Challenges through innovative research. Innovation refers to the full range of changes, large and small, used to achieve desired outcomes and innovation often results from basic research that can lead to ground-breaking discoveries and inventions. This will be essential in combating the ongoing challenges which cause hindrances to National Growth.

The proposed online conference will make an honest attempt to meet up the expectations and may become a viable option to take a way forward towards “ATMA NIRBHAR BHARAT”.

The Institute

Bhilai Institute of Technology initiated by notable stalwarts of central India in 1986 with a vision to become one of the Premier Technical and Management Educational Institutions in the Country, delivering excellent professional education, creating value based, globally competitive professionals and achieving excellence in all our endeavors.

BIT campus has a conducive and supportive academic ambience facilitating high quality education and research for more than 4000 students of bachelors, masters and doctoral programs. BIT, Durg is the first technical institute in the state to be conferred Autonomous Status by UGC, Government of India. Seven of its undergraduate programs have been accredited by NBA and the institute itself has been “A” grade accreditation by NAAC. The institute stands in NIRF 2020 Rank-band: 251-300 in the category of Engineering. Under AICTE Margdarshan Scheme, the institute is mentoring ten technical institutions to encourage best practices.

The Department

Vision: To impart quality education to students, keeping in view their overall development; enabling them to face cut throat competition and challenges in all walks of their lives and to support individual, institutional and societal growth.

Mission: The department was incepted with an aim to orient relevance and importance of communication in academic and professional environment. It is to be merged with right morals and values that encompass not only work ethics but also the commitment and passion for their profession and society and carry forward themselves as icons of the institute. It also aims to provide strategic input to students to face the distinctive challenges of contemporary era.

Goal: To orient the students with the conceptual and behavioural skills by providing outstanding curriculum in communication in an atmosphere of academic excellence for grooming over all personality of students.

Conference Objective

Over the past, humanities have been subject to progressive evaluation within the academic world. At its core, this acknowledgement of the value of humanities can be looked at in three independent, mutually reinforcing levels: the comprehensive knowledge, skills and mindset that come with studying the field. Wide-ranging research has been carried out to explore new horizons and prospects in this area, though in many ways we have barely been able to scratch the surface. So there is still a strong urge to unfold many aspects and arenas for which the conference is aspiring.

Themes and Sub Themes

- ❖ Recent Development in the Field of Humanities
- ❖ Upskilling Pedagogy in the Post Pandemic Period
- ❖ Changing Linguistic Trends in Teaching Learning
- ❖ Language, Literature and Research
- ❖ Digital Humanities
- ❖ Role of Language and Literature in combating Social Challenges
- ❖ Traditiono-Modernism as Genius Loci of Emerging India.
