

About the Institute

Bhilai Institute of Technology(BIT) Durg, established in the year 1986, with a cherished vision of delivering excellent professional education and creating value based globally competitive professionals. It offers seven undergraduate & postgraduate courses in Engineering, Masters of Business Administration, Masters of Computer Applications and Doctoral Programs (Ph.D) . With 32 years of rich standing in the educational field, BIT has been ranked in the 150 - 200 band under Engineering category by NIRF 2017 and 2018. Five UG programs has been accredited thrice by National Board Accreditation(NBA) and 'A' grade in cycle 1 by NAAC.

BIT is well connected through rail as well as air network . It is at about 1km from the Durg Railway station on Howrah-Mumbai line and is about 45 km from the Swami Vivekanand Airport at Raipur, the capital city of Chhattisgarh state.

About the Department

The Department of Electronics & Telecommunication started in year 1986 along with the inception of the Institute. The Department offers B.E. (Electronics & Telecommunication), M. Tech. (Instrumentation & Control) and Ph.D. (Electronics & Telecommunication) Courses. The laboratories are well equipped with modern experimental and computational facilities. The under-graduate course has been accredited thrice by NBA- AICTE. The Department has been recognized by the University as the Research Centre in the state for carrying out Ph.D. programme in Electronics & Telecommunication Engineering.

Objective

Academic leadership is a critical component of excellence in academic institutions.

The academic leadership development program aims at providing aspiring faculty leaders with tools and skills to excel in leadership roles. Presently academic institutions do not merely impart knowledge, which has been viewed traditionally as a service to the society, but also ensure a passage to vibrant and successful careers. In these changed circumstances, academicians are required to demonstrate good communication, motivational and interpersonal skills, strategic planning, expertise in subject area, caring & empathetic attitude towards students, good administrative skills and academic authority.

The academic leadership programme is about nurturing a community of scholars who can give direction and manage to achieve shared goals by empowering faculty and students. The program will help participants to increase their self-awareness and develop leadership and administrative skills.

Eligibility

Academicians who are prospective leaders who would like to take on role of academic leaders can participate in this program.

Faculty from any AICTE approved Institute having minimum 5 years of experience.

Selection

The course coordinators reserve the right of selection of participants. Preference will be given to ISTE members and to the participants from outside the Institute (BIT Durg). Intimation regarding selection will be sent to the candidates via email as per the schedule. Certificates will be issued to the participants only after attending the complete course and qualifying the assessment test to be conducted at the end of the program.
