BIT/2020/04/01

Dated: 02.04.2020

NOTICE

Bhilai Institute of Technology, Durg has arranged for following new online courses in addition to the already existing online courses like NPTEL, NEAT, Udemy, edX etc. These courses will help the students to continue their learning in view of the lockdown due to COVID-19.

1. Coursera

Coursera an American online learning platform founded by Stanford Professors Andrew Ng and Daphne Koller that offers massive open online courses (MOOC) in Engineering, Management and others.

Coursera is providing every university in the world impacted by COVID-19 with free access to their course catalogue through Coursera for Campus program. In this regard, Bhilai Institute of Technology, Durg has registered to receive access from Coursera and the students can now enrol to access more than 3,800 courses and 400 Specializations from Coursera's university and industry partners. Institute will have access until July 31, 2020 and students who enroll on or before July 31 will continue to have access until Sept. 30, 2020. The students of B.Tech/M.Tech/MBA/MCA can enrol through this initiative by Coursera.

In this regard Institute has to share the details of students interested to access the Coursera courses.

2. TCS iON

Institute has registered for TCSiON platform. TCS iON is a Digital Virtual Glass Room which integrates all the essential tools to manage education beyond the campus boundaries. It enables online mode of collaborative learning. Faculty interested to avail the TCS iON platform for conducting their online classroom sessions may kindly intimate to their respective Heads.

3. Doubt clearing sessions for students can also be conducted by the faculty members through Zoom or Google Hangout Virtual Classroom sessions. The detailed timings and ids will be shared by the respective faculty members as per their schedule.

In order to grant access to the Coursera or avail TCS iON platform students are required to register through the google form link. <https://forms.gle/ASoEizvC3GrTLRiLA>

Interested Faculty members may also avail the Coursera online courses and share their details through the link <https://forms.gle/dNzT9G9gTGJdJmT48>.
