Bhilai Institute of Technology, Durg (CG)**
(Developing and Promoting Entrepreneurialship)

About us

Thirty two years ago, few stalwarts in the public domain, transformed their spirited vision and dream to reality in the shape of Bhilai Institute of Technology (BIT) in the loving memory of Seth Balkrishan, a renowned philanthropist of the region. Fired with the zeal of promoting the cause of technical education, the college was set up at Durg under the benign auspices of the Bhilai Institute of Technology Trust in 1986. BIT, set up as the first self-financed Engineering College in the erstwhile Madhya Pradesh has now shaped as one of the most sought after professional institute in the central region. BIT is standing tall and steadfast in its commitment to provide qualitative education for the students. The courses offered by BIT are approved by All India Council for Technical Education (AICTE). The Institute is affiliated to Chhattisgarh Swami Vivekanand Technical University (CSVTU) and bringing laurels for the University by providing the best results in the University examinations and Research and Development activities. BIT has produced maximum number of PhD holders in the State leaving other professional colleges far behind. In a good number of occasions, the faculty members of BIT have presented research papers in various countries across the globe. BIT is renowned for its environment friendly Campus with a well-equipped infrastructure, outstanding faculty with rich experience, valuable research and academic programs, and dedicated staff.

BIT provides the avenue for the development of individual as well as the Nation in the field of professional education. It offers Doctoral Programmes (Ph.D), Management Programme (MBA) in the Full Time as well as Part Time mode, Computer Applications (MCA), Bachelor of Engineering (BE) courses in Civil Engineering, Mechanical Engineering, Electrical Engineering, Electronics & Telecommunication Engineering, Computer Science & Engineering, and Information Technology. Master of Engineering/ Technology courses are also being offered in all the disciplines. Apart from academics, BITinas are also engaged in various social and philanthropic activities through its various professional bodies of students and National Service Scheme.

About Department

The Department of Management was established in the year 1999 to offer MBA course as a full time one with an annual intake capacity of 60. In year 2006, the intake capacity of students has been increased to 120. BIT's entire approach to management education is to create managers with cutting-

edge leadership skills and sound knowledge base through effective teaching-learning, training, research, consultancy and networking in the field of management in the most effective manner. To provide for and promote education and training in various fields of management and allied disciplines, to assist organizations in problem-solving and improving their functioning, to carry out conceptual and applied research in fields relevant to regional development and to interact with industries and institutions to further the management movement and thus facilitate regional development. The attractive features of the management program are: Semester System of Education, Committed and Dedicated full-time faculty, Highly experienced Adjunct & Visiting faculty, Strict adherence to a time-bound academic calendar, unflinching compliance to norms of AICTE, Compulsory and comprehensive computer education, Strong inputs of case studies and other real life inputs. Continuous stress on participants' self-development and improvement of their communication abilities, Continuous evaluation and feedback, Inclusion of human values and ethics, exposure to Pranayam and Yoga, State-of-the-art syllabus being upgraded in a regular and need-based manner, Regular interactions with industry through industrial visits, guest lectures etc., BIT Young Managers' Association (BITYMA) is a students' owned wing in the department to create, hunt and nurture the talents among the Young Managers of tomorrow for a shining India in line with the Vision 2020. Looking into the need of the day, the department is offering MBA (Part Time) Course with duration of Three Years for the working people in the locality.

About ED Cell

Entrepreneurship Development Cell (ED, Cell), Bhilai Institute Technology, Durg (C.G.) was established on 23 August 2011 after receiving grant from AICTE. From the date of its establishment, the cell is continuously functioning for promoting and developing entrepreneurial skills of students by organizing seminars, conferences and awareness program's. Through this cell, in-house students as well as students from other institutions, researchers, entrepreneurs and speakers are benefitted in terms of skills development. A one hundred six individuals have become entrepreneurs after the emergence of this cell. This cell is playing an important role to equip the students about their latent skills for establishment of their own enterprises thus generating employment for the society.
